PRESIDENT'S GRAND-FATHER.

The Kentucky Girl Whom He Loved, but Who Preferred Another for Her Husband.

The Louisville Commercial of Monday contained the following "special" from Lexington:

Mr. F. B. Bosworth, brother to Mrs. Mary L. Todd, tells the following interesting story:

Gen. William Henry Harrison, the grandfather of our Chief Executive, visited Frankfort, Ky., when 20 years of age, and there surrendered his heart to the bright eyes of Miss Monarchy Fenwick, one of the bewitching maidens of the infant city. He did not prosper in his wooing, but the impression was, to a tender degree, lasting. Upon taking his leave he put a ring upon her finger with these unconsciously prophetic words: "Monarchy, when I am President of the United States, send this ring to me with any request you may have to make, and I will grant whatever you ask, if it is in my power." Smiling at the jest, she took the valuable circlet and placed it among her treasures. When she next saw her old admirer she was the wife of Judge Samuel Todd, a wealthy and prominent citizen, and had become a famous housekeeper of wide hospitality. He had been elected President of the United States, and was en route, via Frankfort, to his inaugural ceremonies. Accepting her invitation to dine the distinguished guest was seen at his best. The Presidential suite comprised twelve persons, some in carriages, others on horseback, and the village was stirred throughout at the invasion.

Among other good things on the table was a molasses-cured ham which had been buried for nine years in wood ashes. President Harrison partook freely of this ham, and pronounced it the sweetest he had ever tasted. Calling her two boys to his side, he put an arm around each and said: "Monarchy here are your boys; but where are your girls?" She had no girls. Her husband's daughter by a previous marriage was in after years known as "Sister Gabrielle," of St. Catherine's Academy at Lexington. The ring, which is a cluster of seven garnet stones set in gold, is now in the possession of Mrs. Mary L. Todd, daughter-in-law of the Monarchy who was the sweetheart of the first President Harrison.

The house where the dinner was given is on Bellepoint, the spot being known as Lake Park, and is in sight of the place where Gen. Frank P. Blair and Montgomery Blair were born. On an old tree may still be seen the initials of William Henry Harrison, cut by himself.

Ben. D. Bell,

Druggist, of Lexington, Ky., says that Dr. Hale's Household remedies (consisting of Dr. Hale's Household Cough Cure, Dr. Hale's Household Ointment and Dr. Hale's Household Tea) are the best sellers he has ever had in his store. This is owing to the great merit of these popular remedies. They invariably give great satisfaction, save many doctors' bills and work wonderful cures. Everybody should use them. 25 and 50c. sizes at Carpenter's South Side drug store.

ROYAL IS THE Best Baking Powder

The Official Government Reports:

The United States Government, after elaborate tests, reports the ROYAL BAKING POWDER to be of greater leavening strength than any other. (*Bulletin 13, Ag. Dep., p. 599.*)

The Canadian Official Tests, recently made, show the ROYAL BAKING POWDER highest of all in leavening strength. (*Bulletin 10, p. 16, Inland Rev. Dep.*)

In practical use, therefore, the ROYAL BAKING POWDER goes further, makes purer and more perfect food, than any other.

Government Chemists Certify:

"The Royal Baking Powder is composed of pure and wholesome ingredients. It does not contain either alum or phosphates, or other injurious substances."

"EDWARD G. LOVE, Ph. D."

"The Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public."

eral church, which they attended, and were also popular socially, and our people hate to see them go.

Wm. Miner, first cook at Park's Hotel, was taken quite sick Wednesday. He is some better now.

Mr. Wm. Castman is in the city. Will is one of Frankfort's well-known young men, and has been making his home in Louisville. He was called home by his mother's illness.

Rev. W. A. Credit and family are spending vacation in the East.

The picnic and festival given by the U. B. F. lodge of this city were quite a success.

Messrs. John and D. Norrell, who have been attending school, have returned home both looking in the best of health.

Fail to do Their Duty.

Everybody has at times failed to do their duty towards themselves. Hundreds of lady readers suffer from sick headache, nervousness, sleeplessness and female troubles. Let them follow the example of Mrs. H. Herbechter, Stevens Point, Wis., who for five years suffered greatly from nervous prostration and sleeplessness, tried physicians and different medicines without success. But one bottle of Dr. Miles' Nervine caused sound sleep every night and she is feeling like a new person. Mrs. Elizabeth Wheeler, Laramie City, Wyoming, who tried all other remedies, declares that after three weeks' use of the Nervine for Headache, Nervous Prostration, etc., she was entirely relieved. Sold by J. W. Gayle. Trial bottle free.

Attention, Republicans.

The Republicans of the city of Frankfort will assemble at the court house Saturday, July 23, 1892, at 8 p. m., in mass convention, for the purpose of nominating a candidate for city marshal.

Terrible Rain.

On Wednesday night a cloud burst over Graefenburg, Shelby county, and one of the hardest rains ever seen in that locality fell for about an hour. Big Benson, which flows through the town, rose twelve or fifteen feet in half an hour, and swept every thing before it. The water ran into the Baptist Church and covered the floor to the depth of twenty-three inches, two bridges on the Graefenburg and Lawrenceburg pike were washed away and the pike covered with water from one to three feet deep for a distance of four or five hundred yards. Fences were carried off and the buggy house of Mr. Dick Spaulding was flooded, the water coming up high enough to cover the seat of his buggy, which was in the house at the time. Fields in the creek bottom were covered with water several hundred yards further than ever known before. No wonder the main creek grew so angry Thursday morning and the raging current did such damage to the mill men on the east bank of the river opposite the mouth.

Mr. R. S. Clark, of Graefenburg, who was returning to his home from Lawrenceburg, was caught in the storm and stopped over night with Mr. McGruder, but his horse jumped out of the lot in which he was placed and went on home. The arrival of the horse without its owner created quite a commotion, as it was supposed that Mr. Clark had attempted in the darkness to drive over one of the places where a bridge had stood and been drowned. He reached home the next morning just as a party was being organized to go and search for his body.

Mr. Van Pelt, Editor of the Craig, Mo., Meteor, went to a drug store at Hillsdale, Iowa, and asked the physician in attendance to give him a dose of something for cholera morbus and looseness of the bowels. He says: "I felt so much better the next morning that I concluded to call on the physician and get him to fix me up a supply of the medicine. I was surprised when he handed me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He said he prescribed it regularly in his practice and found it the best he could get or prepare. I can testify to its efficiency in my case at all events." For sale by J. W. Gayle, Druggist, 43-1m.

They Found Them.

The base ball clubs who left this city this week "looking for somebody to beat them" seem to have been eminently successful in their hunt. The club which went from this city to Midway on Wednesday to play with the club at that place had it put on them by a score of 8 to 6. The Frankforts forfeited a game to the Harrodsburg Club on Monday by a score of 9 to 0, the Danville Club defeated them Wednesday by a score of 8 to 1, and the Nicholasville club walked away with them Thursday by a score of 1 to 0 in a ten inning game.

A Prominent Breeder Dead.

W. H. Wilson, owner of Abdallah Park, Cynthiana, died on Thursday at Cincinnati. Mr. Wilson was one of the most prominent breeders of trotting horses in the State and suggested the formation of the Kentucky Trotting Horse Breeder's Association.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with.

Base Ball.

The Frankfort Base Ball Club, which left here Monday morning for a trip through the Blue Grass Region, has been playing in hard luck. In the game which was played at Harrodsburg on Monday afternoon, a rank decision of the umpire, when our boys had the game about won, caused them to make a vigorous kick and the umpire gave the game to the Harrodsburgs by a score of 9 to 0. At Danville on Wednesday they were defeated by the club of that place by a score of 8 to 1, and on Thursday the Nicholasville club defeated them by a score of 1 to 0 in a ten inning game. King's Royal Germetour.

Pre-eminently the medicine of the century. Its phenomenal success as a seller and favorite with the people is the acknowledged wonder of the medicine world. Based upon the Germ theory of Diseases, it is unique, modern, and at once popular, commending itself as a necessary household remedy. It advertises best by its use. Specific for all Catarrhal diseases, a Nerve Tonic and Blood Purifier. It is without doubt the most reliable germ destroyer in existence, and to the extent that the germ theory is correct, King's Royal Germetour is the remedy. It is no accident but is the result of fifteen years study of medical genius. For sale by Chapman & Williams. 19

The Hog Ordinance N. G.

The ordinance passed by the Council some time ago, prohibiting hogs from running at large in the streets, seems to be a dead letter, and swine of all sizes and conditions roam the streets of South Frankfort at will, destroying gardens and rooting up yards. Why is that our city authorities will not enforce the laws? Persons who have vegetable gardens have a right to protection from depredations of this kind, and no one has a right to turn the streets of the city into feeding grounds for hogs and cows. When a person who has gone to considerable expense to beautify his grounds has them destroyed by stock allowed to run at large in the street, he ought to be entitled to damages against the owner of the stock or the city for not enforcing its laws.

Frankfort Bar Association.

In pursuance of a call by nine members of the Frankfort Bar, the lawyers of Frankfort met at the court-house at 3 o'clock last Saturday, for the purpose of forming a Bar Association, having in view the object of elevating the standard of professional practice, and cultivating politeness, decorum and integrity in the practice of the profession. Some fifteen or twenty lawyers were present and the enterprise promises to be a success from the start. Col. John L. Scott was unanimously selected as Chairman, and W. H. Posey, Secretary. Speeches were made by Col. Scott, Judge Hord, Col. Thos. B. Ford, Capt. Thos. G. Poore, Charles F. Exum, Hugh Rodman, Horace Posey and others, and some fifteen or twenty of the members of the bar—in fact every lawyer present—enrolled their names as members of the Association. On motion, a committee consisting of Capt. T. G. Poore, James A. Violett and Hugh Rodman were appointed to prepare a constitution and by-laws for the Association, and the meeting then adjourned until 3 o'clock this afternoon, when it will meet again at the court-house to accept the constitution presented by the Committee. Every member of the Bar should be at the meeting this afternoon at 3 o'clock. This is a move in the right direction, and one that promises to purify and elevate the profession, and encourage politeness and integrity and generally elevate the tone of the profession, and make the Frankfort Bar the model Bar of the State. It ought to be the model Bar as it is at the Capital of the State, and has a number of the best lawyers in the State. We look upon this movement as one of the best that has been inaugurated in Frankfort for many years. It will put an end to the low and degrading business of fixing juries and tampering with witnesses. Let the good work go on until we have the purest and most honorable Bar in Kentucky.

Why Not?

Why cannot some of our enterprising business men put a boat into the upper Kentucky river trade, to run between this city and the head of slackwater—making three trips a week? There certainly ought to be business enough along the river to make it pay, especially at this time of the year when the farmers are shipping their wheat. The boats can always make better rates for the heavy freights than the railroads and ought to secure the business. Besides there are good shipping points along the river which are not accessible to the railroads and at those places good trade might be worked up. If the river ran through Indiana

or Ohio, a boat would have been put into the up river trade as soon as Lock No. 6 was completed. Why can't our people show as much get up and push as they do in those States?

Hand Mangled.

James Jones, a colored employe of the Kentucky River Mills, had his hand caught in a carding machine at that establishment a few days ago and the middle finger was cut off and the third and little fingers so badly mangled that they had to be amputated at the second joint.

Broke Her Arm.

Miss Annie Power, daughter of Mr. E. Power, was returning to her home on Arlington Heights, opposite the Cemetery, on Tuesday, and in attempting to pass a horse, which was being led along the pike by a colored man the animal kicked her on the right arm, breaking the bone near the elbow. A physician was called immediately, who reduced the fracture, and she is doing very well.

Dead Sea Fruits.

They slay multitudes when they are the product of neglect of incipient diseases. A "slight" cold, a fit of indigestion, biliousness or constipation each or any of these "minor ailments" advance in many cases with "league-destroying strides." Give them a swift, early defeat with Hostetter's Stomach Bitters and avert the danger. Abernethy administered an alarming rebuke to the man who informed him that he had "only a cold." "Only a cold," repeated the doctor. "What would you have—the plague?" Rheumatism and la grippe are easily extinguishable at the start. Why then allow them to get up a full head of steam? Put on the brakes with the Bitters. The genial warmth which this superb medicine diffuses through the system, the impetus it gives to the circulation of the blood, its soothing and strengthening effect upon the nervous system, specially recommends it to the feeble and sick. 'Tis the great specific for malaria.

Y. M. I. Picnic.

The members of Y. M. I., No. 161, will give an elegant picnic at Salyers' grove, on the Kentucky Midland, next Tuesday, the 19th. Arrangements have been made to run special trains to the grounds every few minutes during the day, and the price of admission, including fare on the trains, has been placed at 50 cents for grown people and 25 cents for children. The beautiful view of the valley east of the city, which is obtained from the car windows, is alone worth the price of a ticket, to say nothing of the many amusements which will be provided at the grounds. Invest a half dollar for a good cause and then go out and enjoy yourself.

No Stamps on Tick.

Last week the agent of the Western Union Telegraph Company in this city notified the State officials that all telegrams must be paid for or they would not be sent, which threw the State back on the mails as a means of forwarding official communications. On Tuesday the postage stamps ran out and a State official applied to Postmaster Saffell to know if he would sell the State stamps on credit until there was money enough in the Treasury to pay for same, which the Postmaster declined to do, and the State official went down in his clothes and loaned the State five dollars, which he invested in stamps, and will take the chances of having his account for the same approved.

The officials of the Telegraph Company have since instructed their agent to let the State still further stretch its credit, notwithstanding the June account is unpaid, but Uncle Sam does not do business on tick with anyone, and it looks like the boys on the Square will have to buy the stamps to run their offices until the sheriffs begin to pay up.

Children Cry for Pitcher's Castoria.

His Name Can't be Used.

At a special term of the Anderson Circuit Court, begun on Monday, the case of Mrs. Mary McBrayer vs. D. L. Moore was tried. The suit was brought for the purpose of construing that clause of the late Judge W. H. McBrayer's will, which referred to the discontinuance of his name in connection with the Cedar Brook distillery. In rendering his decision, Judge DeHaven gave a clear and comprehensive review of the case, deciding that in the clause of the will under consideration the testator intended that at the expiration of three years after his death the name of W. H. McBrayer should no more be used in connection with Cedar Brook distillery. The court held that this clause was mandatory and not precatory as claimed by the defendant. This settles the question as to whether W. H. McBrayer whisky can be made in the future. Gen. D. W. Lindsey, of this city, appeared for the plaintiff. W. H. Posey, of this city, was appointed special commissioner to settle up the business of the estate.

The case of J. H. McBrayer vs. J. R. Walker, in which the plaintiff sought to enjoin the defendant from using his name in the manufacture of whisky, was also tried and a decision rendered for the defendant. Judge Geo. C. Drane, of this city, represented the plaintiff, and Judge Thos. F. Hargis, of Louisville, the defendant.

The Railway a Certainty.

The street railway is no longer a myth but will certainly be built by the Capital Railway Company. The payment of two hundred and sixty-five dollars to the city for the franchise has been made, the ties have been distributed on some of the streets over which the road will run, the cars and rails have been purchased, a superintendent of construction has been employed, and the company are only awaiting the arrival of the rails to begin work. The cars will be operated by animal power at first but electric power will be put in as soon as the returns from the investment will justify it. There are, of course, croakers who say the road will not pay, for nothing was ever undertaken here that there were not moss-backs enough standing around ready to throw cold water on it, but we venture the assertion that the company will make expenses from the start and before the road has been in operation a year they will be making a good profit. If the road reaches out into the suburbs it is bound to pay, for there are more people here to ride on it than in Maysville, Bowling Green, Georgetown or Winchester, and in all of those cities the street cars are well patronized and the companies making money.

The Lexington Fair.

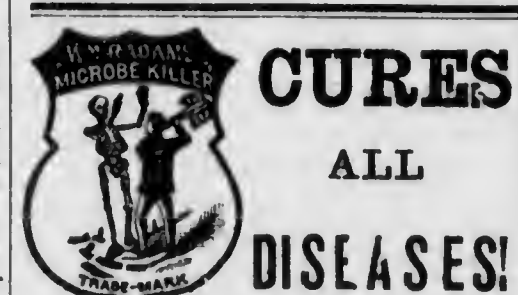

The great Lexington Fair begins Tuesday, August 30, and continues five days. It will be the most interesting meeting ever held in the State as well as the most valuable to exhibitors in all departments. The stakes in all the speed rings are the largest ever offered. The Agricultural Stake the first day is \$1,000, and the second day the Mechanical Stake is the same, as is also the Association Stake the third day and the Boswell Stake of the fourth day. The Pacing Stake on the fifth day is \$600. The premiums in all the exhibits are also unusually large. See advertisement in another column, write a postal to the Secretary for a catalogue, and make your arrangements to be there.

was taken to Owenton on Monday
and his trial upon the charge of kill-

second trial of the case, the jury
having failed to agree at the first
trial.

Our Wheelmen.

Quite a number of our local
bicyclists attended the State meet at
Lexington this week and several of
them were entered in the races. On

Tuesday they made rather a bad
showing, largely owing to the fact
that they have been doing too much
road riding and not enough race
riding and had not provided them-
selves with race wheels. On Wed-
nesday Mr. B. T. Crutcher finished
second in the race for the Blue Grass
Championship and won the Frank-
fort Club championship race. The
prize in the first was a handsome
water color painting and in the last a
gold medal. His time in the first
race was 3:04 and in the last 3:10.

Mr. John Selbert was chosen as
one of the judges at the races and
was elected one of the business
representatives of the League.

The meet next year will be held at
Harrodsburg.

Fell Dead.

These words are very familiar to
our readers, as not a day passes with-
out the report of the sudden death of
some prominent citizen. The ex-
planation is "Heart Diseases." There-
fore beware if you have any of the
following symptoms: Short Breath,
Pain in Side, Smothering Spells,
Swollen Ankles, Asthmatic Breath-
ing, Weak and Hungry Spells, Ten-
derness in Shoulder or Arm, Flutter-
ing of Heart or Irregular Pulse.
These symptoms mean heart disease.
The most reliable remedy is Dr.

saved thousands of lives. Book of

The Kentucky Midland.

The Lexington Transcript says: "It
is the history of nearly all roads that
they are built by municipal and
county subscription, which prove
inadequate for their completion, and
then fall into the hands of some big
corporation to be made a part of its
system. This appears to be the fate
of the Kentucky Midland, at present
in operation between Frankfort and
Paris, and projected from the latter
place to Mt. Sterling, a distance of
twenty-three miles, where it will
connect with the Big Sandy Division
of the C. & O., now operated by the
Vanderbilts' able lieutenant, General
M. E. Ingalls. Another gap of nine
miles exists between Frankfort and
Alton, on the Louisville Southern,
which it is proposed to construct.
These two gaps, if closed and owned
by the Vanderbilts, would give
that interest an entry into Louisville,
over the Southern from Alton. It is
said that the Vanderbilts already
own a big block of Louisville South-

ern stock, or at least enough to enable
them to command favorable arrange-
ments for the use of that part of the
line. This would doubtless have
some effect in the E. T., V. and G.
road, now operating the Southern,
but at present in the hands of a
receiver, at the instance of its for-
mer President, General Sam Thomas.
"The Kentucky Midland was built
by Mason, Hoge & Co., lessees of the
penitentiary, and being simply con-
tractors, and not ambitious to operate
the property longer, they want to
sell it. These gentlemen have been
to Cincinnati to see Mr. Ingalls, who
as Vanderbilt's representative, has
examined the property. A deal will,
therefore, likely be closed soon and
Frankfort will be put on a through
line. Surveyors have completed the
plans and estimates, and it is said
the Frankfort and Alton gap will cost
about \$22,000 per mile, it being most-
ly through a rough country. The
twenty-three miles from Paris to
Mt. Sterling will cost about \$15,000
per mile. At Frankfort a bridge will
be necessary across the Kentucky
river. The main span of this would
be 350 feet, with 125 feet of approach
at each end, and 1,900 feet of viaduct
approach to these latter. The entire
structure will cost about \$175,000.
There is a proposition to widen the
bridge with foot and driveways, for
the comfort of the people of Frank-
fort, providing they will give up K.
M. bonds to the amount of \$110,000.
This would make the bridge cost
\$285,000."

A CONVENTION OF RE- PUBLICAN CLUBS IN LEXINGTON.

**Messrs. Blaine, Riley and
Crawford Meet to Dis-
cuss Plans—Kentucky
to be Organized all
Along the Line.**

At the last annual convention of
the Republican State League of Ken-
tucky, held in Newport July 15, 1891,
Lexington was chosen, after a close
contest with Louisville, as the place
of the next meeting.

Last week the Executive Com-
mittee of the League held a meeting in
Louisville and agreed on August 16
as the date of holding the conven-
tion.

The objects of the League are to
promote and maintain the principles
of the Republican party; to interest
in politics those who have been in-
different to their political duties; to
encourage attendance at the primary
meeting in order that honest and ca-
pable men may be nominated; to
guard and defend the purity of the
ballot box; to promote the cause of
good government; to promote ac-
quaintance among the Republicans
of Kentucky; to associate the Ken-
tucky Republicans into a permanent
organization, auxiliary to the Repub-
lican League of the United States and
the established party authorities.

The Kentucky Republican League
is in a healthy and growing condi-
tion, and since the wiping out of all
the complicated features of seceding
membership, and the reduction of the
annual fees to \$5 a club, there have
been many new clubs formed in var-
ious parts of the State. It is desired
that there should be a League Club
in every voting precinct in the State
this year, in view of the fact that
through these clubs the voters of the
State must be educated to intelligently
understand the complicated ballot
system under which the election will
be held this fall.

At the meeting of the Garfield Club
last Saturday evening it was unani-
mously decided that the club be iden-
tified with the State League, and that
we proceed at once to obtain mem-
bership. The Secretary was instructed
to write to T. J. McCann, Secretary
of the State League, for necessary
papers and information with refer-
ence to the formation of clubs and
applications for membership in the
League.

The Secretary has received the
necessary blanks, &c., and is ready
to solicit membership, and he trusts
that all good Republicans will call on
him and lend their aid in this work.

Each club holding a membership
of the State League will be entitled
to one delegate in the Lexington
Convention for every ten members
of the club. All clubs wishing to be
represented at the convention by
delegates are required to register
with the Secretary before the first of
August.

The Garfield Club will hold their
next regular meeting on Saturday
evening, July 23d, immediately after
the city convention, and take formal
action, elect delegates, &c., to the
Lexington convention, and it is de-
sired that all be present.

Pea Ridge.

Mr. Will Tracy and his son, Mr. Sam Tracy, have been cutting and hauling hay at the Wade farm, Benson.

It is reported that Mr. John Doo-ley will teach the Benson school this year.

Mr. James Tracy, who has been on the sick list the past week, is better.

Mr. John Angrave has been very sick at his residence near Bridgeport this week.

Mr. Polk is cutting and hauling hay.

Several of our people will cut their oats this week.

The watermelon crop prospect is decidedly thin at present, in spite of all the immense amount of labor it has taken, while the never-failing blackberry promises immense returns with no labor.

Mr. Will and Mr. Sam Tracy have got a splendid crop of corn at Fleetwood. It is worth going to see. Messrs. T. extend an invitation to all the ROUNDABOUTS readers everywhere to come and see it.

The Pea Ridge Sunday-school is a success under the able superintendency of Mr. Corrans and Mrs. Ellen Dennis. Evidence—a large supply of lesson papers sent for.

After the adjournment of Sunday-school last Sunday, quite a number of the scholars, accompanied by the superintendent, went to the residence of Mrs. L. Edge and had quite an enjoyable concert party. They are cordially invited to come again.

Mr. Joe Tracy paid a visit to his daughter, Mrs. Mollie Quire, at Stony Creek last Sunday.

Mr. Dock Tracy and Mr. Will Matheny are working in tobacco for Mr. James Pence.

Mrs. L. Edge, who suffered so much from a dental operation a few weeks ago, is better at present writing, being able now to take a little food, and is in a fair way to recover.

The patriotism of the Ridge is too well known to need comment. It sent a full quota of men to both armies during the war, and celebrates the national holiday in time of peace as the following attests: Born, July 4th, to Mr. Will Crutcher, Jr., and wife, a son.

The Ridge scribe is in possession of a mass of evidence that the ROUNDABOUT is read not only in this county but in other counties and in other States. This fact ought to be noticed by those who want a valuable advertising medium.

Mrs. Joe Cole, of Indiana, is visiting at Mrs. Lou Tracy's. Mrs. Cole's daughter is very sick.

Misses Annie and Ethel Choute, of Frankfort, were at the Sunday-school last week.

Miss Bole and Miss Annie Lee Ho-lder were at the Ridge Sunday-school last week.

Reader, Kansas City and others, did you ever read any thing that was not true in this column?

When there are several applicants for a school it always seemed to the writer that it would be much kinder to the applicants if the trustees would refuse them at once instead of keeping them in suspense and let it be known who is to teach. A very ingenious way prevails in some dis-

tricts of finding out if a lady applicant has ability to teach the school. The Ridge scribe does not recommend it, being very much "agin it." You see she came around for the school and we was all "agin" her and told her that we'd made other arrangements. Well, she went off but came back next day to see me and said she knew she might depend on my friendship, and would I sign her application? Well, I just couldn't get around it. I knew the other two trustees were "agin her," and it wouldn't amount to nothing, so I signed it, and the next time I saw the other two trustees why she'd been and seen them two "fellers" and they'd signed too. Well, she taught us a good school. She was a start-ling good teacher, and that's how we found it out. Refused her applica-tion and if she hadn't been able to get us to sign what we didn't want she couldn't have been fit to teach no how.

The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbi," "germs," "baccilli," &c., to sell their preparations, thus prevent-ing people from buying the original tested medicine. "Radam's Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read their advertisement in this paper. Don't be deceived.

To Old Point.

The grand annual excursion over the C. & O. Railway to Old Point Comfort, Virginia, will be run from Lexington on Tuesday, July 26, 1892. A superbly equipped special train, with Pullman Sleepers and elegant day coaches, will leave that city at 2:30 o'clock in the afternoon of the day mentioned, arriving at Old Point the next afternoon. This is the cheapest excursion of the season, as the fare for the round trip has been placed at \$13.00, and tickets will be good returning on any of the regular trains until August 14th. A stop of three hours for dinner will be made at Richmond going, which will give ample time for a drive over the city, but returning the excursionists can visit Richmond, White Sulphur Springs, Kanawha Falls or any of the famous Virginia watering places. Special side trip excursions have been arranged at low rates from Old Point Comfort to New York, Ocean View and Virginia Beach. Reduced rates of \$2.50 per day have been se-cured at the Hygeia Hotel, Old Point Comfort.

Space in Pullman Sleepers will be \$3.50 per berth which two persons can occupy.

Parties desiring Sleeping-Car space should send in their names by July 15, 1892, in order that necessary sleeping-car space may be reserved.

Children between 6 and 12 years will be carried at half fare. Children under 5 years will be carried free.

A representative of the railroad company will be in attendance and will see that everybody is shown every courtesy and attention.

Do not get this Special confounded with local excursion trains.

The capacity of Pullman Sleepers is limited to a certain number of persons to the car and there will be no crowding whatever. You will have all the comforts of a regular first-class train.

Kendall's Spavin Cure.

LITTLE ROCK, Ark., Aug. 26, '90.
DR. B. J. KENDALL CO.:
Gents—It is with the greatest satisfaction that I inform you that I have cured the following diseases: Sweeney, Shoulder Joint Lameness, Stifle Joint Lameness, Shoe-bolt, Lameness in Fore Foot. I am working on Hip-Joint Lameness and will cure that all with Kendall's Spavin Cure. It is the best Liniment for man or beast I have ever used. I recommend it to all horse owners. Horses that I have worked on are valuable, but without your Liniment would be worthless. I have friends who used it for Sprains and Bruises and cured them. They say it is the best they ever used. Yours truly, E. D. S. WELLS.

Gents—In the year 1881 I treated with Kendall's Spavin Cure a Bone Spavin of seven years stand-ing nearly as large as a hens egg and completely stopped the lameness and removed the enlarge-ment. Have worked the horse very hard ever since, he never has shown any lameness neither can I see any difference in the size of the hock. Yours truly, F. B. COOLEY.

Price \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any ad-dress on receipt of price by the proprie-tors.

Delightful weather for July.
Gus Lee has been to Hatton.

Mattie Triplett has gone to Lexington to visit relatives.

Mrs. Fannie Estess is home after a week's visit near Stamping Ground with relatives and friends.

Mr. Frank Lee and wife, of Shelby, are here visiting relatives and friends.

Miss Webb, of Cincinnati, is here for the summer; she has taken board

at Mrs. Virgin Featherstone. She certainly must be charmed with our lovely hills and valleys.

Mrs. Sue Craig and granddaughter were visiting relatives here the first of the week.

Mr. McLarie Allen and wife, of Salt Lake City, Utah, are here for the summer with his mother, Mrs. Fannie Allen.

Mrs. Hughes was so unfortunate as to lose her fine Jersey cow the first of the week.

Mrs. Julia Gallihue has left our fair village and gone to your lovely city among the hills to reside.

The farmers' all report splendid yields of wheat and as heavy and fine a hay crop as was ever cut. Oats also splendid.

The Franklin Association will soon meet with the Buck Run people, and of course the women folks are studying the great question what will we give them all to eat? Never mind, let every day provide for itself and they will never want. Then if we can't have fried chicken, we can cook some of the old residents (not the preachers, the chickens) for them.

Mr. Louis Lee was in Louisville last week disposing of some more of his tobacco.

Miss Annie Greenup visited friends in Frankfort last week.
